

INTERNATIONAL JOURNAL OF ADVANCED RESEARCH**(IJAR)**www.journalijar.com

TABLE OF CONTENTS
Volume 4, Issue 07, July 2016

S. No.	Title of the paper	Page Numbers
1	Heavy Metal Analysis in soil samples of Some Villages Near Uranium Corporation of India Limited Thummalapalle using Wavelength-Dispersive X-ray Fluorescence Spectrometry.	1-6
2	Influence of Teachers Characteristics on Academic Performance of Students in Secondary Agriculture, in Rachuonyo North Sub County, Kenya	7-13
3	Bioremediation of phenolic compounds by higher fungi - A review.	14-35
4	Carbapenem resistance due to BlaOXA-48 Clone ST38 among ESBL-producing Escherichia coli isolates from patients hospitalised at the university hospital of Constantine in Algeria.	36-42
5	Effect of oral administration of oxytetra cycline on the oxygen uptake of the Indian major carp, Catla catla.	43-46
6	Analysis of the foreign policy of azerbaijan in the perspective of interdependence theory.	47-52
7	Sol-gel synthesis and characterization of zinc substituted cobalt ferrite magnetic nanoparticles.	53-58
8	'Islands of fertility': Effects of different forest covers on the distribution of soil carbon stock in a tropical savanna ecosystem.	59-63
9	Social-adjustment of Secondary school students in relation to their Gender, Academic achievement and Parent-child relationship.	64-71
10	Attenuation Coefficient of Reactive Powder Concrete Using Different Energies.	72-82
11	A secure reversible medical images.	73-78
12	A Study on behavior of consumers on Online	79-88

	Shopping.	
13	Combining ability and gene action for fruit yield and heat tolerance in tomato (<i>lycopersicon lycopersicum mill.</i>) under heat stress conditions.	89-96
14	Recommendation system to increase taxi driver's business.	97-103
15	Study of partial replacement of cement by silica fume.	104-120
16	Understanding and practicality in implementation of discrimination and social exclusion: a study of religious minority p.g. youth from mumbai city.	121-130
17	Talent clusters and their contribution to business value creation- a conceptual paper.	131-133
18	Employing "Macroinvertebrate assemblage", to study the Preliminary biotic integrity of freshwater ecosystem with reference to taxa tolerance values, and, Matrices.	134-138
19	Formulation Development and Evaluation of Tadalafil Transdermal Patches Using Various Penetration Enhancers.	139-149
20	Strategies for management of bacterial blight disease of rice caused by <i>Xanthomonas oryzae pv. Oryzae</i> (small oryzae): an overview.	150-162
21	Development and evaluation of pregabalin transdermal patch for the treatment of neuropathetic pain.	163-169
22	Assessing the changes introduced in some morphological and basic motor variable and specific to young people aged 14-15 years.	170-173
23	Comparison study between biochemical and molecular assays in chronic hepatitis C virus patients in Egypt.	174-180
24	Hepatitis C virus infection and its impact on Liver function in chronic HCV patients.	181-186
25	Differences Between Edge Detection And Boundary Detection.	187-191
26	Implementing Teaching Guidelines on Quality of Life and Adaptation on Hemodialysis Patients.	192-202

27	Customer buying behavior towards responsible businesses in india- a study of smes.	203-210
28	Optimization of an economic green manufacturing inventory model using fuzzy geometric programming.	211-216
29	Importance of 24-hr ambulatory blood pressure monitoring in chronic kidney disease progression.	217-222
30	Revealing the unseen - a review on operating microscope.	223-228
31	Vitamin D Deficiency in Metabolic Syndrome Patients.	229-241
32	Uses of medicinal plants in Ethiopia.	242-248
33	An application of nanotechnology and its risk in developing countries.	249-259
34	Tracking of patients with dementia using wireless sensor network.	260-264
35	Assessment of the radiation exposures during separation of rare earth elements from monazite mineral.	265-272
36	Social Security: Politics of Food Security in Brazil.	273-279
37	Effect of annealing on optical properties of Zn doped NiO thin films deposited by magnetron sputtering.	280-283
38	Serum levels of Chemerin and Omentin 1 in Obese Type 2 Diabetic Patients.	284-295
39	An unusual case of iatrogenic airway obstruction and its management in a low-resource setting.	296-297
40	Knowledge and attitude of first aid skills among health science students at Taibah University, Al-Madinah , Saudi Arabia.	295-305
41	Interesting case of anomalous origin of right coronary artery from left sinus.	306-309
42	The relationship between dental caries status and oral health attitudes and behavior in USMundergraduate's dental students.	310-317
43	Assessment of Physical Fitness in Female Adults using Treadmill testin relation to Haemoglobin	318-321

	levels.	
44	Fractal Image Compression - A Review.	322-326
45	Prevalence of hair loss and stress as the cause; a cross-sectional study.	327-333
46	Women of mahasweta devi: walking through fire?	334-336
47	Optimization of coating time of hydrocolloid based edible coating for shelf life extension of light red tomatoes.	337-343
48	Time series analysis of sectorial contribution of state income: it's high time to invest on primary sector in odisha.	344-347
49	evaluation of determinant factors for entrepreneurship-marketing stabilization of pork in south korea by canonical correlation analysis.	348-355
50	Long-Term Wind Speed Forecasting using Spiking Neural Network Optimized by Improved Modified Grey Wolf Optimization Algorithm.	356-368
51	The effects of usage of sequential instructional strategies on students' problem-solving ability in selected chemistry concepts.	369-375
52	Rotational Diffusive Motion From a Monolayer of Squalane Absorbed on Graphite Basal-plane Surface by Fast Fourier Transform Technique.	376-385
53	A study on the Perceived effectiveness of training and development of variety pharmaceuticals Pvt Ltd, Kulapully, Kerala.	386-391
54	A study on class & sex on exercise prescription of HRPFKT in high school and higher secondary school students in kerala, India.	392-395
55	Structural behaviour of welded steel beam-column connections under concentrated load.	396-406
56	Microwave-assisted preparation of biodegradable superabsorbent (bnf-graft-pam)/ss nanocomposite.	407-419
57	Ethnobotanical study of medicinal plants used by tribals in anantapur district, andhra pradesh, india.	420-425

58	Ozone - a boon to dentistry and mankind.	426-432
59	Compact size fractal antenna design using stripes to increases antenna Length for ism and higher frequency applications.	433-436
60	Case 2016, a 29 year old man with abdominal pain 1 week after teeth extraction.	437-446
61	A study on data mining and statistical methods used in diabetes mellitus diagnosis.	447-452
62	Identification, isolation and characterization of process and degradation impurities of fudosteine and its stability indicating hplc method validation.	453-461
63	Asymptomatic carotid artery prevalence in critical limb ischemia in south indian population.	462-466
64	Qualitative and quantitative estimation and characterization of secondary metabolites of typhonium trilobatum and trichosanthes dioica (less focussed edible herbal medicinal plants of bengal) leaf extract.	467-476
65	Foeniculum vulgare: phytochemical and pharmacological review.	477-486
66	Indoleamines regulate vitellogenesis via cross-talks with allatotrophe in the american cockroach, periplaneta americana.	487-497
67	Livelihood Dependency of Garasia tribes utilizing Non Timber Forest Products in Abu Road area of Sirohi district in Rajasthan, India.	498-504
68	Assessment of contamination by heavy metals in soil of laylan area / ne of iraq.	505-512
69	Interrelationship between stock returns and selected macroeconomic variables: an empirical study.	513-517
70	Analysis of Radon Gas Variation as a Precursor of Earthquake Prediction Using RAD7.	518-524
71	Nutritional and phytochemical constituents of moringa leaves from sudan.	525-527
72	Prevalence and Clinical Manifestations of Rotavirus and Adenovirus Infections in Children Under Five Years Old in Katsina State,	528-536

	Northwestern Nigeria.	
73	Haptoglobin phenotype, hp1-1: a potential risk factor of breast cancer in Ghanaian women.	237-542
74	Effective method to deliver test substance in adult zebrafish (Danio rerio).	543-551
75	Work in the light of investment.	552-559
76	Study of Sapphire and MgO as Thermal Neutron Filters for The TRIGA Moroccan Reactor Beam ports.	560-567
77	A Statistical Approach to Study the Socio Demographic Profile of Working Women of Rural and Urban Area of the Three Districts of Karnataka State -A Case Study.	568-574
78	Use of Spirogyra sp. Extract against multidrug resistant bacterial pathogens.	575-579
79	Teachers' Attitude towards Environmental Education and their roles in the school and nearby Community: The Case of Secondary Schools of South Wollo Zone, Amhara Regional State, Ethiopia.	580-587
80	Leptin receptor LYS109ARG, GLN223ARG, SER343SER polymorphisms and obesity: Linkage disequilibrium and haplotype block analysis in Jeddah city.	588-598
81	Studies on diversity and seasonal variation of diatoms.	599-601
82	Predictive and prognostic value of SALL4 and Tau protein in serous ovarian cancer patients treated with chemotherapy.	602-616
83	Effects of tannery effluent on tomato plants its growth and biochemical characteristics.	617-623
84	A comparative analysis of various approaches used for feature extraction in content based image retrieval.	624-632
85	Isolation of bacteriophages from wastewater for possible utilization to combat multi-drug resistant Pseudomonas spp. isolated from public water pool.	633-640

86	Assessment of wind energy potential at kesses region-kenya based on weibull parameters.	641-648
87	Questioning the Effectiveness of Cash Transfer Programme for Orphans and Vulnerable Children in Supporting Orphaned Children with Disabilities.	649-657
88	The role of biotechnology in the agricultural development in ksa: a review.	658-665
89	Experimental study of heat and mass transfer in ranque hilsch vortex tube.	666-674
90	Study on disinfectant potential of lemon grass oil against common pathogens.	675-679
91	A comparative study of serum β hcg concentration and lipid profile in pregnancy induced hypertensive and normotensive women in third trimester of pregnancy.	680-686
92	Study of Partial Replacement of Fine Aggregate by Iron Slag.	687-702
93	Recent understanding of ectodermal dysplasia.	703-707
94	The Physical Reality Of McConnachie compact groups of galaxies –II.	708-734
95	Peritoneal Carcinomatosis: Pictorial Review of Computed Tomography Findings.	735-748
96	Physico-Chemical Characteristics of Gomti River at Lucknow Stretch,India.	749-759
97	Intrusion Of Sulphide In Fresh Water Along The Coir-Retting Areas Of The South West Coast Of India.	760-768
98	SIBER-XLP: Swarm Intelligence Based Efficient Routing Protocol for Wireless Sensor Networks with Improved Pheromone Update Model and Optimal Forwarder Selection Function.	769-789
99	Weeds - its causes and management through biological means.	790-798
100	Nymphoides balakrishnanii sp. Nov. (menyanthaceae), a new species from the lateritic plateau of southern western ghats, India.	799-803
101	Correlation between Vitamin D Deficiency and	804-813

	Rheumatoid Arthritis Patients.	
102	Study of time constant variation with concentration of a Gas in a Pulsed - Cavity Ring Down Spectroscopy.	814-817
103	Proposed instructional materials in teaching biological techniques.	818-824
104	On spectra and bounds of fuzzy graph.	825-832
105	Concurrent External Beam Radiotherapy with High Dose Rate Brachytherapy in Carcinoma Cervix.	833-843
106	Marginalised identities in samuel selvon'sthe lonely Londoners.	844-849
107	The efficacy and safety of five versus six fractionations per week of external beam radiotherapy in the management of head and neck malignancies.	850-858
108	Plasmapheresis: an experience at a tertiary care hospital.	859-864
109	Studies on the isolation, structural and functional properties of acetylated cellulose from sand box tree (huracrepitans).	865-873
110	Role of indigenous land and crop management practices for sustainable development: a study in the gimbi woreda of west wollega zone of oromia, Ethiopia.	874-880
111	Characterisation of β glucosidase from wood rotting fungi to facilitate efficient plant biomass biodegradation for biofuel production.	881-890
112	Fabrication and analysis of the effect of doping tio₂ in 1393 bioactive glass.	891-900
113	Role of plants in treating cancer : a review.	901-907
114	LQM: A Link Quality Based Multipath Scalable Proactive Routing Protocol for Mobile Ad Hoc Networks.	908-921
115	Reliable Markers of Iron in Chronic Renal Insufficiency - A Study from North Kerala, India.	922-926
116	Acoustic variations in the geographically isolated populations of L punctulata in India.	927-935

117	Abdominal cerebrospinal fluid pseudocyst following ventriculo-peritoneal shunt surgery: A case report and review of literature.	936-938
118	PCT discriminates aerobic and anaerobic bacteremia from nonbacterial blood infections: A 10 years study in CKD patients.	939-946
119	A Study of Sustainable Digital India: Challenges and Opportunities with reference to Pune District.	947-950
120	Comparative study of food habits and seasonal variations in the food of adult House Sparrow <i>Passer domesticus indicus</i> in some rural and urban areas of Jammu Province.	951-958
121	Adverse Haemato-Biochemical Effects of Chlorinated Insecticide in Adult Male Rats.	959-967
122	Analysis of Several Discharges – Durations- Drip Line Placements Under Mango Trees “Tommy Atkins” (<i>Mangifera Indica</i> L.) In Zabid Valley, Tihama- Yemen.	968-984
123	Genotypic response of silicon uptake ability in upland varieties of indica rice (<i>Oryza sativa</i> L.) and in silico analysis of silicon transporter gene (<i>Lsi2</i>) in var. Ghanteswari.	985-998
124	Mathematical model on analysis of awareness in controlling dengue disease.	999-1006
125	Cytotoxicity And Genotoxicity In Rheumatoid Arthritis: A Dual Effect Of Disease And Drugs.	1007-1016
126	The Association Of Thyroid Dysfunctions With Infertility In Females.	1017-1024
127	A Review on Acrylamide Mitigation Strategies in Various Processed Foods.	1024-1040
128	Association of serum and urinary tumor necrosis factor-alpha ($TNF-\alpha$) with albuminuria in diabetic nephropathy.	1041-1049
129	Evaluation of four fractionation schedules of radiation therapy in re-irradiation of painful bone metastases.	1050-1056
130	Evaluation of anthropometric measurements and its relation with gonadotropin secretion in pcos	1057-1060

	women.	
131	Inferring the efficacy and safety of green tea water extract after prolonged consumption against epirubicin-induced hepatotoxicity in mice: a histological study.	1061-1072
132	Estimation of fetal actual weight with various methods in term pregnancy - a comparison.	1073-1076
133	Oxidative Stress and Antioxidative Defense Mechanism in Patients with Hypothyroidism.	1077-1081
134	A study on milk producing farmer's perception towards komul with special reference to kolardist, Karnataka.	1082-1092
135	"Synthesis and Characterization of α - Benzilmonoximehydrazone ligand and its Zn(II), Cd(II) and Hg(II) metal complexes".	1093-1097
136	Impact of Quality of ECCE Programs on Cognitive Development and School Readiness of Children.	1098-1104
137	A study on role of micro finance in women empowerment.	1105-1110
138	Suckling-induced burst discharges of supraoptic oxytocin neurons in rats: prostaglandin mediation of oxytocin actions	1111-1122
139	Chemical and Biological Properties of Lauric Acid: A Review.	1123-1128
140	Chemical constituents of <i>echinops spinosissimus turra</i> .	1129-1136
141	Concept of probiotics in endodontics.	1137-1142
142	Studies on the effect of spent engine oil on plant growth in <i>trifolium alexandrenum</i> (barseem).	1143-1147
143	Experimental and Numerical Study of Gas-Liquid Flow for Gold Nanoparticles Synthesis.	1148-1154
144	House dust mite sensitivity among rural and urban allergic rhinitis and asthmatic patients of Punjab, India.	1155-1161
145	To assess the frequency of hyperlipidemia in patients with psoriasis and compare its levels with	1162-1168

	healthy controls in an outpatient of a tertiary care hospital.	
146	Essential Protein Identification from Protein Networks Using Topological and Biological Properties.	1169-1175
147	Limiting axes in the strategy of fortification of wheat flour and cornmeal with iron and folic acid.	1176-1184
148	Dissecting the layers of performativity, femininity, modernity and sexuality in the shadow lines by amitav ghosh	1185-1192
149	Effect of resisted exercises versus free weight exercises for the improvement of grip strength of cricket players.	1193-1198
150	Plant mediated biosynthesis, characterization and application of silver nanoparticles by leaves extract of cupressus torulosa.	1199-1207
151	Comparative study on self-esteem at children with scoliosis and those not diagnosed with this disability.	1208-1210
152	Smg-interior and Smg-Closure.	1211-1214
153	Impact of Occupational Stress on Quality Work Life among Employees in Banking Sector: A Study in West Bengal Region.	1215-1222
154	Forensic odontology and its limitations: review.	1223-1225
155	Cyclic urea analogues as inhibitors of jack bean urease.	1226-1235
156	Detection of anti-ds DNA Antibodies in Iraqi Patients Suspected with Systemic Lupus Erythematosus (SLE).	1236-1240
157	Effectiveness of deductive and inductive methods in teaching english grammar at elementary level.	1241-1247
158	Esthetic Management Of Papillary Penetrating Frenum Using Conventional Technique: A Case Report with one year follow up.	1248-1255
159	Visteal – Videos Transmission and Encryption within an Auxiliary Video.	1256-1260
160	A Retrospective cohort study on incidence of Trichomoniasis in high risk group patients with	1261-1269

	Leucorrhoea at RIMS General Hospital, Srikakulam.	
161	Cyber Risk Insurance-An Indian Perspective.	1270-1278
162	Self-Knowledge in Relation to Career Choice of Students in Stand Alone Institutions.	1279-1283
163	GIS and Remote Sensing applications for abandoned quarries rehabilitation: A case study in the Akreuch Region, Rabat, Morocco.	1284-1303
164	Toward a Better Understanding of the Access to Education through Online Learning in the Case of Zimbabwe.	1304-1313
165	Tillage and nutrient management as quality improver in fodder oat under oat-paddy cropping system.	1314-1320
166	Chlorhexidine – An Insight.	1321-1328
167	Clinical relevance of interferon-gamma release assay versus tuberculin skin testing for diagnosis of latent tuberculosis in chronic hemodialysis patients.	1329-1336
168	Leadership and At-risk.	1337-1347
169	Phytochemical composition and in-vitro Anti-diabetic potential of Swietenia mahagoni seed pod.	1348-1354
170	Ultrasonic waves assisted synthesis of iron and antibacterial silver nano particles.	1355-1365
171	Pedigree selection in pea (Pisum sativum L.).	1366-1371
172	Artisanal fishery of small pelagic: diagnosis and prospects Case of Moroccan Atlantic center.	1372-1386
173	Histology of gills of Labeo rohita infected by crustacean parasite Argulus sps.	1387-1392
174	Assessment of Core Capacities for the Implementation of International Health Regulations (2005) at selected Points of Entry (poes). A case for Southern, Western and Lusaka Provinces of Zambia.	1393-1411
175	The Role of Awareness of Values and Health Belief System Patient Care.	1412-1416

176	GC-MS ANALYSIS OF PHYTOCHEMICALS IN THE METHANOLIC EXTRACT OF <i>Caesalpinia coriaria</i> (Jacq) Willd.	1417-1422
177	Examination of the effect of the sleep hours and study hours on academic performance of the third year endocrine block students.	1423-1432
178	Elicitation and Isolation of Gallic Acid from Cell Suspension Culture of <i>Pseudarthria viscida</i> (L.) WIGHT & ARN.	1433-1442
179	Assessment of Thyroid Function among the individuals of tea garden community of Assam: A Hospital based Study.	1443-1447
180	An Approach On Two - Fold Sentiment Analysis.	1448-1453
181	Modified decimal matrix codes for error detection in memory using pipeline architecture.	1454-1459
182	Original Internal Control Framework for ERP systems in accordance with SOx 404 compliance and XBRL.	1460-1469
183	Cost Comparison of R.C.C. Structure using CLC blocks with Burnt Clay Bricks.	1470-1475
184	Serum amylase and lipase activities in newly diagnosed patients with type 2 diabetes mellitus.	1476-1483
185	Nursing student satisfaction and organizational performance gap	1484-1498
186	On rheological behavior of aqueous polyacrylamide solution.i-empirical relation of the viscosity as a function of concentration and shear rate.	1499-1507
187	Sirenomelia (Mermaid syndrome): A case report.	1508-1510
188	The discrepancy in blood pressure values between both arms in individuals with hypertension and other cardiovascular defects.	1511-1515
189	Comparison of an alternative and existing dbs matrix for estimation of thyroid stimulating hormone (tsh) in adults.	1516-1525
190	Prevalence of migraine among female students at taibah university, kingdom of saudi arabia.	1526-1534
191	Concept of basti formulation.	1535-1537

192	The Comparative Study of Music Song Influence on First Language Acquisition between 3 to 4 Years old Girls and Boys.	1538-1542
193	The peculiarities of formation of the structure of the cabinet of ministers of the republic of uzbekistan.	1543-1546
194	Effect of Gastrointestinal Infection on the Tissue Distribution and Short Term Kinetics of Radio-iodine Labeled Metronidazole and 2Nitroimidazole in Male Albino Mice.	1547-1556
195	Optimization of energy mix in a smart grid using knapsack problem and forecasts based on HMM.	1557-1566
196	Pollen storage conditions and pollination with stored pollens on fruit set, seed yield and quality in okra hybrid (abelmoschus esculentus (L.) Moench.)	1567-1571
197	On unexpected difficulties in the teaching of the special theory of relativity.	1572-1589
198	Interpretation of complete blood cell count in first m.b.b.s students.	1587-1588
199	Apri/p3np: can it be an accurate marker for noninvasive evaluation of liver fibrosis in chronic hcv.	1589-1597
200	Performance Analysis of Heterogeneous Adaptive Throttling Algorithm with Varying Throttling Rates	1598-1605
201	The effect of trivrutta leha in udar vyadhi – a case study.	1606-1610
202	Political participation of assamese women: an extensive study from mid-eighteen onwards.	1611-1615
203	Zidovudine induced skin and nail hyperpigmentation- a case report	1616-1618
204	Incidence of goitre and other iodine deficiency disorders in selected villages of district chamoli in garhwal himalaya	1619-1634
205	Molecular markers and thyroid cancer.	1635-1643
206	The chasm between expected and real performances of romania– a path dependence	1644-1650

	outcome.	
207	Value of hepcidin in diagnosis and monitoring of iron disorders in patients on regular hemodialysis and its relation to hcv infection.	1651-1662
208	Design of traffic signals at closely spaced intersections in tirupati.	1663-1670
209	Using gis to define the areas to be damaged when mosel dam collapses.	1671-1677
210	Effect of Nickel and Zinc Metal on Biomass and Growth Rate of Some Pulses.	1678-1689
211	Metakaolin –the best material for replacement of cement in concrete.	1690-1696
212	Quality of the rivers water for potation purposes in the west of Qazvin province.	1697-1703
213	Craniofacial fibrous dysplasia: a case report.	1704-1707
214	Representation of naga in the colonial discourses and practices: exploring its imprint identity consciousness.	1708-1717
215	Productivity analysis of public hospitals in cameroon: a malmquist productivity index approach.	1718-1725
216	“Synthesis, chracterization and evalution of antimicrobial effect of chitosan conjugated silvernanoparticles against pathogenic bacteria and their biomedical application ”.	1726-1731
217	Effect of feed and fertilizers on the growth and body composition of air breathing fishes channa striata and pangasius hypophthalmus fry.	1732-1739
218	Protest metaphors: a reading of some contemporary nigerian artists.	1740-1747
219	Heavey minerals assemblage of quaternary column of hominid locality hathnora, narmada valley district sehore mp india.	1748-1780
220	Congestion Control in High Density Wireless Personal Area Networks.	1781-1788
221	AlternationofCCl4 -Induced Oxidative Stressand Nephrotoxicity by Omega-3 in Female Albino Rats.	1789-1795

222	Attempt in criminal law of the republic of uzbekistan.	1796-1803
223	Computer aided diagnostic scheme for brain tumor detection in mr-images using wavelets & neural networks.	1804-1810
224	Accumulation of heavy metals in Mangroves (Avicennia marina) from Syhat and Safwa region, Tarut Bay Saudi Arabia.	1811-1816
225	Comparative Studies on CMC - Produced from Non- and Woody Lignocellulosic in Production of Biological Active Materials.	1817-1829
226	Alternate Fuel & Raw Material Facility.	1830-1834
227	Question answering system with repeated question identification.	1835-1839
228	Accidental Detergent Soap-Bar Ingestion: a rare case of poisoning in an adult with pulmonary involvement.	1840-1844
229	Aortocaval extra adrenal pheochromocytoma.	1845-1848
230	The Rise of Islam.	1849-1851
231	A Study of Knowledge & Awareness of Radiation Exposure Risk in Makkah, Saudi Arabia.	1852-1856
232	The body language of politics: a critical discourse reading in the gop american presidential debate, august 7, 2015.	1857-1866
233	Patelloplasty and patellar denervation in total knee arthroplasty: a prospective study.	1867-1871
234	Improvement of nutritional, hygienic and sensory properties of kareish cheese using thyme and black seeds.	1872-1880
235	Potential osteoporotic effect of Type 2 diabetes mellitus on female rats in comparison to ovariectomized model of osteoporosis.	1881-1892
236	A Study of Sustainable Digital India; Challenges and Opportunities with reference to Pune District.	1893-1896
237	Diagnosis of placenta Accrcta in women with placenta previa using Gray scale and color Doppler ultrasonography.	1897-1904

238	Correlation between plasma fibronectin level and renal function in pregnant women with	1905-1909
