TABLE OF CONTENTS
Volume 4, Issue 05, May 2016

S. No.	Title of the paper	Page Numbers
1	The geo-economics position of the persian gulf and its impact on the development of china.	1-10
2	Entada phaseoloids seed dormancy and germination: implications for conservation and restoration.	11-16
3	Interest rate variations and the profitability of islamic banks in kenya.	17-26
4	Effect of europium concentration on the physical properties of ni-zn ferrite substituted by mn ²⁺ ion.	27-33
5	Climate prediction using deterministic ann model.	34-38
6	Magnetic field effect on the metabolism and enzyme activity in some harmful insects.	39-48
7	Economic status of women laborers engaged in paddy transplanting activity in allahabad region of uttar pradesh	49-55
8	Assessment of soil physico-chemical properties of sugarcane research program, jitpur, bara, nepal.	55-66
9	Prescribing Errors in Prescription Orders Containing Non-Steroidal Anti-Inflammatory Drugs: A Case Study of District Khairpur, Sindh, Pakistan.	67-74
10	Circle dance as a symbolic form of culture.	75-84
11	Relationship of depression and loneliness indepressed and normal population.	85-89
12	Effeciency of boron and magnesium levels on productivity of cauliflower (brassica oleracea l.)	90-99
13	Experimental investigation of multi cylinder S.I. Engine emissions by using oxygen enriched air	100-106
14	Fault Detection in CSTR using MATLAB.	107-115
15	Evaluation of some vitamins related with glycemic	116-124

	index in type 2 diabetes patients.	
16	Study and performance of ezw and spiht algorithm in satellite image compression.	125-134
17	Role of previous rotavirus infection and its association with ifn-α in occurrence of celiac disease in iraqi patients.	135-140
18	Effect of chamaemelum nobile and chrysanthemum segetum extracts on ruminal methanogenesis, in vitro degradability and methane forming population	141-154
19	Optimisation studies on the mechanical properties of neem bark flour-filled high density polyethylene composites using central composite design.	155-166
20	English Language Teacher's Perceptions on Instructional Technology Integration in class at Bintulu Sub-District's (Kemena) Schools, Sarawak. Malaysia.	167-175
21	Sentiment analysis of social media data using naive bayesian classifier in hadoop and hive.	176-184
22	Effects of water stress on two genotypes of Durum wheat (<i>Triticum durum</i> Desf.) And Common wheat (<i>Triticum aestivum</i>.L) inoculated with Frankia CCI3 Azospirillum brasilense and Mycorrhiza	185-196
23	Inhibiting factors responsible for land and property ownership of farm women.	197-200
24	Removal of lead and chromium from soil using biosurfactants produced by bacterial isolates from spent lubricating oil contaminated soil.	201-211
25	Development and validation of uv-visible spectroscopic method for estimation of probenecid in tablet dosage form.	212-219
26	Prevalence of asthma among school age children in taif, saudi arabia.	220-233
27	The politics of innovative self presentation: the case study of dramaturgical political marketing in east java, indonesia.	234-244

28	Phytochemical analysis and Biological studies of Indian medicinal plants <i>Myristica fragrans</i> and <i>Tinospora cordifolia</i>.	245-258
29	Microwave photonic up and down converter.	259-262
30	Biosorption of copper and lead using bacterial biomass of <i>Bacillus cereus</i> and <i>Bacillus subtilis</i> isolated from el-manzala lake, Egypt.	263-274
31	An Approach to Secure Air-gap system from Intentional Radio Transmission	275-279
32	Liver fibrosis in OSMF patients and areca nut chewers: an ultrasonographic study.	280-283
33	An Approach to Network Traffic Based Android Malware Detection.	284-287
34	Production of Endo-1,4-β-D-Glucanase and Exo-1,4-β-D-Glucanase on cellulosic substrates in solid state fermentation by <i>Hypocrea nigricans</i>.	288-299
35	Anticancer Properties of <i>Alpinia officinarum</i> (Lesser Galangal) – A mini review.	300-306
36	Last Mile Access Solution For the Provisioning Of Affordable Internet In The Rural & Semi Urban Areas.	307-311
37	“Temporomandibular hypermobility as a sequelae of generalized joint hypermobility in temporomandibular disorders: a pilot study”	312-319
38	Irrigation system using a sensors and MATLAB Programming.	320-324
39	A Novice Design of CMOS Based VCO for Signal Processing Based Applications.	325-331
40	Novel In Situ Modified PVC Membrane Potentiometric Sensors for Determination of Levamisole Hydrochloride in Human Plasma, Urine and Bovine Milk	332-344
41	A Survey of Multiple Sequence Alignment Parallel Tools.	345-356
42	Total Utility Values and Extraction of Some Ecological Important Plant Species in the Timberline Zone of NDBR, Uttarakhand, Western Himalaya.	357-363

43	The Physical Reality Of McConnachie compact groups of galaxies -1.	364-384
44	Green Supply Chain Management in India: An Overview.	385-390
45	Hydro-morphology of Cuts in Coastal Rivers debouching Chilika; South Mahanadi Delta, Odisha, India	391-404
46	Implementation of E- Governance Services for Rural Development of North East India.	405-406
47	The causal relationship model of sustainable happiness society	407-413
48	Improvement of Asphalt Binder by Recycling of Waste Tire Rubber	414-418
49	Penicillium citrinum AVGE5. Growth stimulation and induction of systemic resistance in chilli against anthracnose disease by	419-426
50	Ultrasonic studies on molecular interactions in strong electrolytes-Metal chlorides in aqueous medium at different temperatures and 2MHz frequency	427-439
51	Prevalence of Subclinical hypothyroidism among Patients with acute Coronary Syndrome.	440-446
52	The model of social entrepreneurs influencing economic and social security	447-454
53	Role of Rural Women in Sustaining Household Food Supplies in Western Sudan.	455-469
54	The causal relationship between the components of social entrepreneur and economic and social security	470-474
55	Identification of Candida and Trichosporon species by oxidase and coagulase test.	475-479
56	Statistical and machine techniques for assessing the status of startups	480-487
57	Protective effect of 24-epibrassinolide against salt-induced destabilization of plasma membrane.	488-492
58	GC-MS Analysis of Fixed Oil from Sudanese Maer pseudopetalosa (Glig and Ben.)De Wolf Roots	493-498

59	Serum Neutrophil Gelatinase-Associated Lipocalin (NGAL) in Acute Kidney Injury and Its Relation to Troponin T in cardiac and renal patients.	499-505
60	Monthly variation in Total lipid content (TLC) and Total soluble protein content (TSPC) of the fish processing waste generated from snakehead murrel, <i>Channa striata</i> and catfish, <i>Wallago attu</i>	506-510
61	Role of Socio Economic Factors and Perception towards Agriculture, for Food in-security: A study of Kelafo Woreda of Somali State of Ethiopia.	511-521
62	Antifoliary activity of gold nanoparticles against <i>Rhizophora apiculata</i> saplings.	522-529
63	Reviewing Graduate Studies about First Step to Success Early Intervention Program in Turkey	530-535
64	Role of spirituality on perfectionism.	536-547
65	Organic Farming under Paramparagat Krishi Vikas Yojana scheme : A need to address the lack of availability of Farm Yard Manure.	548-551
66	Study of some requirements of the environmental management system at the test-work facilities of the Egyptian black sands at Abu Khashaba and Rasheed.	552-562
67	Two-compartment detector for radon and thoron gases in El-Missikat and El-Erediya uranium exploratory tunnels, Central Eastern Desert, Egypt.	562-573
68	Positively charged Hydrogen atom(H⁺) different from Proton (p⁺): Proposed model for constituent particles in positively charged Hydrogen atom(H⁺).	574-577
69	A review on Late phase ischemic preconditioning.	578-582
70	Studies on Ascorbic acid content of some wild edible fruits from Ahmednagar District, Maharashtra (India).	583-590
71	The inter-relationship between wind direction and wind speed for 5 meteorological stations across	591-603

	Assam, India: A case study.	
72	Immunolocalization of pro-inflammatory cytokines in normal and inflamed hoof of buffalo calves.	604-613
73	An Efficient Approach for the Synthesis of Various Substituted 1,5- Benzothiazepines.	614-617
74	Biofortification: an alternative for zinc and iron deficiency in cereals - a review.	618-631
75	Synthesis and Characterization of Ternary Copper(II) Complexescontaining L-Valine. Catechol Oxidase and Phenoxazinone Synthase Biomimetic Catalytic Activity.	632-646
76	Invitro antimicrobial activities of leaf extracts of five indigenous medicinal tree species from semi arid regions of kattakada, kerala, india.	647-653
77	Boron – its importance in crop production, status in indian soils and crop responses to its application.	654-660
78	Corporate Social Responsibility (CSR) and challenges of Globalisation in India.	661-671
79	Eco-friendly management of sclerotium rolfsii causing root rot disease in chilli.	672-678
80	To evaluate the status of serum vitamin d in chronic myeloid leukemia.	679-684
81	Knowledge regarding selected postnatal breast problems and their management among postnatal mothers.	685-688
82	Online shopping behaviour in saudi arabia – an empirical study	689-697
83	New trends in cancer therapy and antiviral drug research.	698-710
84	Self efficacy and locus of control as mediators of stress in adolescents: Ushering in an age of self-evolution.	711-715
85	Equality in soft erosion, soft dilation and soft open in multi scale environment.	716-724
86	Detection of blakpc-2gene amongcarbapenem-resistant serratiamarcescensisolates from egypt.	725-733

87	expression of caga gene in helicobacter pylori isolated from dental plaque of male snuff users.	734-738
88	Study of Plasma Osteoprotegerin level and arterial stiffness in chronic kidney disease and hemodialysis patients.	739-746
89	Evaluation of absorption and causticization of carbon dioxide scrubbed chemically for sequenstration.	747-749
90	Title: A Dental Perspective on the Rare Disorder of Acromesomelic Dysplasia - A Case Report.	750-753
91	Assessment of alterations induced by fly ash on some Biochemical parameters in eisenia fetida.	754-759
92	Data dependence result and stability of picard-s iteration scheme for approximating fixed point of almost contraction mappings.	760-763
93	Similarity Identification Technique for Absolute Matching of Images with Feature Specifications.	764-771
94	A review on sentiment analysis of social media data using text mining and machine learning.	772-775
95	Communication skill – the weakness of indian youth in career war.	776-778
96	Motion Planning Based on RRT for Autonomous Road Vehicles: A Review.	779-782
97	A review on biometrics and face recognition techniques.	783-786
98	The relationship between blood antioxidant enzyme levels and genotype in athletes training at high altitudes.	787-794
99	Progress of rice research in the west central table land zone of Odisha in India.	795-802
100	Pseudo Finitely Quasi-Injectivesystems over monoids.	803-810
101	Biometric wrist band.	811-816
102	Cureent treatment modalities for peri-implant diseases.	817-823
103	Personality differences among sports persons and non-sports persons.	824-826

104	Phenotypic and molecular characterization of plasmid -mediated ampc β -lactamases among gramnegative clinical isolates.	827-832
105	Biochemical characteristics of polycystic ovary syndrome.	833-844
106	Molecular Characteristics of polycystic ovary syndrome by Real Time PCR.	845-853
107	Views of youth regarding media representation of different forms of criminal victimization.	854-856
108	Antioxidative effect of punica granatum (pomegranate) on biochemical parameters in patients with diabetes mellitus (type 2) and myocardial infarction: a double blind placebo controlled trial.	857-864
109	Prognostic relevance of tumor necrosis factor alpha (tnf- α) in acute myeloid leukemia (aml).	865-870
110	Biochemical studies on the effect of ga3 and iaa on biochemical constituents of vicia faba.	871-877
111	Potential osteoporotic effect of type 2 diabetes mellitus on female rats in comparison to ovariectomized model of osteoporosis.	878-889
112	Emotional problems of women during pregnancy.	890-891
113	A detailed explanation of the captcha to improve security.	892-895
114	Using Lean management to leverage innovation in healthcare projects: case study of a public hospital in U.A.E.	896-898
115	Mortality profile among schedule caste of district banda, uttar pradesh	899-906
116	Adaptive front light system.	907-913
117	Analysis of Location AWARE protocols in wireless sensor networks.	914-919
118	Dipteracanthus prostratus (poir.) Nees at andhra university campus, visakhapatnam. Life cycle of junonia lemonias (l.) On barleria prionitis (l.) And	920-930
119	Case report: doege-potter syndrome.	931-933

120	Determine morphological types of anemia in anemic pregnant women in al-batool teaching hospital for maternity and children in baqubah city, iraq.	934-939
121	Overlapped watermarking for secured data transmission.	940-945
122	Re-constructing theatrical space in early childhood development in kenya.	946-952
123	Design and analysis of work holding device for milling operation on front axle beam (hcv).	953-960
124	Analgesic and antipyretic activities of hamelia patens leaf on ethanolic extraction in animal models.	961-966
125	Cliona viridis: mineral composition and contribution to the assessment of the quality of the marine environment.	967-973
126	Absorption studies of creatinine using single-reagent and single wave length method by optical interference wavelength filter.	974-979
127	My opinion: anrge to enrich your knowledge.	980-987
128	Effect of biochar on nutritional status of soil.	988-996
129	Influence of nano alpha aluminum oxide (α - al ₂ o ₃) on thermal properties of nano insulation coating.	997-1004
130	Enhanced energy efficient clustering protocol for wireless sensor network.	1005-1013
131	Machine learning based network traffic classification including zero day traffic as a class.	1014-1019
132	Amelioration of curcumin against cadmium induced oxidative stress in lung of albino mice.	1020-1026
133	Curative & preventive effect of samshodhana in metabolic disorders w.s.r. to hypothyroidism.	1027-1030
134	Access to tile of ceramics covering by glass paint (glaze), using local clay, and by using one heartburn.	1031-1037

135	An anatomical explanation of samhitokt " beej bhagavayav janya & dohridopchar janya garbhaj vikaritiyan" w.s.r.to teratology.	1038-1042
136	Role of siddha drugs to enhance sperm count in selected patients-a short research communication.	1043-1046
137	A Group Sharing Scheme by Efficient Single Key Management Using Cryptographic Technique.	1047-1052
138	Generalized aggressive periodontitis, multifactorial treatment modalities- a case report.	1053-1057
139	An efficient security management scheme for distributed network using hierarchical key approach with ellipticcurve cryptography.	1058-1063
140	Oral myiasis: a short overview.	1064-1068
141	Characterization of l-asparaginase from capsicum annum l.	1069-1075
142	3d perception of maximum density zone on ramachandran plots for zika virus protein structures.	1076-1086
143	Use of internet and its effects on adolescents.	1087-1090
144	News contextualization and aggregation, implemented using a web application system.	1091-1096
145	Study of 894 g>t single nucleotide polymorphism of endothelial nitric oxide synthase (enos) and the risk of diabetic nephropathy.	1097-1102
146	Metronomic chemotherapy (capecitabine) in women with triple- negative operable breast cancer.	1103-1114
147	Ovarian malignancies in relation to abo blood groups and rh factor.	1115-1118
148	Antimicrobial activity of hydrochlorothiazide schiff base and their metal ion complexes.	1119-1128
149	An overview of bacterial blight disease of rice caused by Xanthomonas oryzae pv. Oryzae.	1129-1136
150	Entrepreneurial orientation and innovation of small and medium enterprises in kano state, nigeria.	1137-1143

151	Women's empowerment against wife-battery in daniel mengara's mema.	1144-1157
152	Modeling data-driven systems: the i4 requirements engineering methodology (inception, interaction, isolation, and integration)	1158-1163
153	Implication of triclosan as an anti-cytokine drug in chronic periodontitis.	1164-1169
154	Isolation and characterization some organic compounds from breckland thyme.	1170-1174
155	Formation of "e-justice" system in the economic courts of the republic of uzbekistan.	1175-1181
156	Synthesis, characterization and antifungal studies on chromium(iii), manganese(iii), iron(iii) and cobalt(iii) complexes with thiohydantoins.	1182-1185
157	The legal regulations of savings in uzbekistan : past and present.	1186-1188
158	Changes in the functional characteristics of amniotic membrane after gamma irradiation.	1189-1195
159	Comparative evaluation of fluoride uptake by dentine from glass ionomer cement functionalized with chlorhexidine hexametaphosphate nanoparticles and type ii gic at 3 days- in vitro study.	1196-1206
160	Effect of cultivars and weed management on quality, nutrient content and uptake in late sown groundnut.	1207-1210
161	Effect of Gamma Ray on Number of T-cells In Blood Bags	1211-1218
162	Hearing impairment among spinning mill employees.	1219-1224
163	A comparative study of electrophysiological findings of motor nerves in patients with diabetes mellitus and healthy controls in and around dibrugarh town.	1225-1233
164	Dentists - are we aware! We are the ultimate advocates of oral health: understanding advocacy	1234-1238

	in the indian context.	
165	Vitamin D deficiency and Associated Dental Caries (Review).	1239-1246
166	Acetylsalicylic acid (asa) impairs influenza b virus propagation and delay apoptosis in inoculated a549 and mdck ii cell lines.	1247-1257
167	antioxidant and cytotoxic activity of commiphoramukul(guggul) extracts against hela cell-line.	1158-1167
168	Ophioglossum raphaelianum (ophioglossaceae) - a new species from south india.	1268-1273
169	Conceptual Study of the Relationship between ICT and Social Capital in rural settlements: Case study Iran experiences.	1274-1286
170	Power and society in george orwell's animal farm.	1287-1295
171	A prospective comparative study to evaluate clinical outcome with various modalities of treatment for liver abscess.	1296-1299
172	Biodegradation of dichlorophenols by bjerkandera adusta and lentinus squarrosulus and extracellular ligninolytic enzyme activities.	1300-1319
173	Aseptic loosening of isolated cemented acetabular cup.	1320-1322
174	HLA Genotyping by PCR-SSO in Iraqi Patients with Psoriasis.	1323-1328
175	Physical fitness response of wii training in egyptian children with t1dm	1329-1334
176	RSA Cryptography Algorithm Using linear Congruence Class.	1335-1347
177	A study on anatomical variations of anterior clinoid process and caroticoclinoid foramen.	1348-1355
178	Inorganic elements in moniezia expansa (rudolphi, 1805).	1356-1359
179	Adsorption of Cadmium (II) from solution onto activated carbon prepared from madhucalongifoliafruit Shell	1360-1364

180	Design of a multipurpose orthosis assistant and prosthetic limb.	1365-1369
181	Isolation, Characterization and Optimization of Azo Dye Degrading Bacteria and Its Application In Textile Industry.	1370-1376
182	Quantification of intra osseous bone defects by conventional versus 3dimensional imaging techniques - an in vivo study.	1377-1385
183	Morbidity and mortality patterns among admitted patients with diabetes : a hospital based study from north india.	1386-1401
184	A comparative study on gut microflora of earthworms eudrilus eugeniae and eisenia fetida.	1402-1407
185	A new species of ceropogia (apocynaceae: ceropogieae) from a midland lateritic hill of kerala, india.	1408-1414
186	Administrative information system using virtual geoinformatics.	1415-1424
187	Is Oro-antralmyiasis life threatening? : A Case Report.	1425-1427
188	A study on relationship between bmi and prevalence of flat foot among the adults using foot print parameters.	1428-1431
189	experimental studies on l- lactic acid from groundnut shells by using lactobacillus delbrueckii ncim 2025 after pre treatment.	1432-1438
190	An Observational study of Emergence Reactions of Ketamine Anaesthesia in Relation to Deh-Prakriti.	1439-1444
191	Vigna unguiculata (L).walp by azotobacter sp. Indole-3-acetic acid production and enhanced plant growth promotion of	1445-1450
192	Phytochemical analysis and antibacterial activity of the three different seagrass extracts	1451-1457
193	Impact of industrial effluents on the diversity and population structure of rotifer fauna in river basantar, jammu (j&k, india).	1458-1472

194	Recent developments in enamel and dentine remineralisation: an update.	1473-1475
195	Autophagy-related Protein LC3 in Egyptian Colorectal Cancer: Impact and Possible Relation to STAT3 and mirna 101.	1476-1491
196	Impact of negative publicity on brand 'goa'- an opinion survey of domestic tourists.	1492-1497
197	Ureteral triplication with stricture of middle ureter and ectopic insertion of ureter.	1498-1502
198	Maintenance for muslim women in india.	1503-1510
199	A rare instance of distomolars and paramolars in maxillomandibular region: a rare case report.	1511-1513
200	Genetic fidelity analysis of encapsulated microshoots of sarcostemma brevistigma using rapid markers.	1514-1519
201	Study & review on the performance analysis of various expansion devices in vapour compression refrigeration system	1520-1523
202	Effect of earthquake on ozone concentration at some indian stations - a review.	1524-1527
203	The future of online shopping in india. A study of punjab and haryana states of india.	1528-1544
204	Orbit determination modeling analysis by gps.	1545-1552
205	Trace elements in the drinking water and their possible health effects in tirupati city, india.	1553-1559
206	Social exclusion and inclusion: important steps towards long standing struggle for social inclusion.	1560-1565
207	Developmental milestones of infants admitted to facility based newborn care unit: a case control study.	1566-1572
208	Assessment of bacterial contamination of indian paper currency notes (rupee) circulating in hapur (u.p.), india.	1573-1577
209	Ecocriticism in the novels of william golding using raimon panikkar's the cosmotheandric experience.	1578-1580

215	Clinical management of adhd with comparative study of mandukaparnyadi yoga and matravasti.	1607-1613
216	Basel iii: a framework for strong and resilient indian banking system.	1614-1620
217	antimicrobial activity and characterization of marine streptomysis sps.	1621-1631
218	The effect of auditor competence, independence, audit experience, organizational culture and leadership against auditor professionalism and its implication on audit quality.	1632-1646
219	Origin and new meaning assigned to the concept of superman.	1647-1649
220	Evaluation of mutation of bcl2 snps with risk of squamous cell carcinoma head and neck (hnscc) in kashmiri population.	1650-1655
221	Impact of sdr fluctuations on incylinder flows by varying piston bowl configurations.	1656-1671
222	Ultrasonographic measurement of placental thickness and its correlation with gestational age – a cross-sectional ultrasonographic study.	1672-1678
223	Relationship of serum uric acid levels and angiographic severity of coronary artery disease in patients with acute coronary syndrome using syntax score.	1679-1684
224	Space medicine – a review.	1685-1687

225	Antioxidant activity evaluation of methanolic extract and crude polysaccharides from plumeria alba l. Leaves.	1688-1701
226	Ecological and morphological aspects relating to physiology.	1702-1706
227	Abnormal pap tests in systemic lupus erythematosus: a cytopathological and human papillomavirus testing study.	1707-1715
228	Diagnostic hysteroscopy as a primary tool in basic infertility workup.	1716-1721
229	Optimization conditions for the production of microbial transglutaminase from a newly isolated strain of streptomyces sp.	1722-1729
230	Comparative study of equation of state for some ic crystals.	1730-1736
231	Sexual Development & Puberty (Adolescence): acomparison Study Between Medical andmedical Sciences Students, Taif University Taif-KSA.	1737-1740
232	Impact of internal marketing on marketing performance management: an investigationof jordanian banking sector.	1741-1750
233	Phytochemical screening and antioxidant activity of mahonia leschenaultii wall. And pavonia odorata willd leaves.	1751-1757
234	Sonohysterography versus laparoscopic chromopertubation for the assessment of tubal patency in infertile women.	1758-1862
235	analysis ofbisphenol a migration in reusable polycarbonate containers and canned products available in indian markets.	1763-1767
236	a comparative study of the adjustment problem of children of the working and non – working mothers.	1768-1771
237	evidence of pathogenic role of cd-154 in patients with systemic lupus erythematosus.	1772-1776
