Reviewer's Comment for Publication.

(To be published with the manuscript in the journal)

The reviewer is requested to provide a brief comment (3-4 lines) highlighting the significance, strengths, or key insights of the manuscript. This comment will be Displayed in the journal publication alongside with the reviewers name.

- The abstract needs to state what the author is looking about or exploring in his research. This needs to be clearly drafted in the abstract. The abstract also needs to highlight the significance of this study.
- No Keywords are included in the abstract
- Minor restructuring in terms of journal guidelines is required.
- Minor grammatical errors were discovered.

Detailed Reviewer's Report

1. The parameters for the study including data analysis needs to be defined on the grounds that it was selected.
2. The author discussed street vendors but they also needs to define what typology of vending are they looking; it is temporary, seasonal or permanent.
3. The author in conclusion has talked about Street Vendors Act, 2014 which needs to be elaborated a bit highlighting where in his selected stretch can it be incorporated and how.

REVIEWER'S REPORT

4. The conclusion parts needs to be elaborated a bit more highlighting and emphasizing on the results obtained.
5. The background literature of the study needs to be included currently it is very less and needs to support the study.
6. Some rearrangement of pictures are required which currently are over lapping one another and are not in systematic order
