Reviewer's Comment for Publication.

I have received the manuscript abstract. I have commented on a few points. Please go through it.

Manuscript provided by author was in detail, Introduction covers all the topics, Methodology was good in methods literature search was very elaborative. References was sufficient. As author provided new topic of research it is definitely helpful for further research

Please note the following:

- 1] Comment on : how does the finding of result is useful
- 2] Write conclusion as clear take home message to readers
