Reviewer's Comment for Publication.

(To be published with the manuscript in the journal)

The reviewer is requested to provide a brief comment (3-4 lines) highlighting the significance, strengths, or key insights of the manuscript. This comment will be Displayed in the journal publication alongside with the reviewers name.

Overall a good attempt by the author. The author has presented detailed view on the lack of English speaking proficiency in Phillipines.

Positive aspects

1. The author has provided comprehensive information on the function of English as a second language in Phillipines.
2. He also adds the difficulties faced by people in English language.
3. Moving on further the author has explored the various levels of how functioning of English at college level affects at varirous stages and he intends to explore the strategies to be employed to improve it.

International Journal of Advanced Research

REVIEWER'S REPORT

4. The author has made use of a quantitative research method and a questionnaire to analyse students at reading and written level.
5. The data of this university has been compared with other colleges through a graph diagram in the research paper.
6. The author has mentioned that the consistency is apparent with literary text and logical reasoning which mostly lacks in Maritime colleges in Phillipines.

Negative Aspects

The author could have compared colleges in Phillipines to other colleges in the world
