Reviewer's Comment for Publication.

(To be published with the manuscript in the journal)

The reviewer is requested to provide a brief comment (3-4 lines) highlighting the significance, strengths, or key insights of the manuscript. This comment will be displayed in the journal publication alongside with the reviewers name.

Though the author has taken up an interesting topic for research but it needs to be more comprehensive.

Detailed Reviewer's Report

Positive Aspects:

1. The author has defined cloning well in the introductory section.
2. The concept of identity is explained well by the author.
3. The process of cloning is explained coherently from the lines 98 to 101.
4. The fact that the author has taken an example of literary work with a film is interesting as mentioned in the lines 45 & 46.
5. The author has described the imminent tragedy that would occur in the play well from lines 63 to 73.
6. The author has provided an interesting quotation to explain the contrast between Bernard 1 and Bernard 2 from the lines 122 to 128.

REVIEWER'S REPORT

Negative Aspects:

1. Keywords are missing in the research paper
2. At least one paragraph could have been added to explain the plot of the play. It must have been easier for the reviewer to understand.
