### Reviewer's Comment for Publication.

The article presents a brief, and some of the contents are not been added

One of the article's key strengths lies in the topic selection is new and better in its own

While the article would benefit to all the perimenopausal in terms of mental health

### *Detailed Reviewer's Report*

This article is based on the Psychological Impact of Familial Support on Menopausal Stress among Government Executives

**Introduction:** it is very less and is without references

Mention of all the chapters is done without clear content of the research

There is no statistical interference

Words are juggled

**References ; All the references are not provided**

**The article would be even better with Graphs, tables and an added details of all the chapters**
