Reviewer's Comment for Publication.

(To be published with the manuscript in the journal)

The reviewer is requested to provide a brief comment (3-4 lines) highlighting the significance, strengths, or key insights of the manuscript. This comment will be Displayed in the journal publication alongside with the reviewers name.

- The abstract of the paper needs to be elaborated to justify what the paper is intending to contribute in the overall study.
- There are minor grammatical errors observed in the manuscript.
- The formatting of the paper along with referencing should be as per the journal's guidelines which seem to be lacking in the current paper.
- The images incorporated within the paper needs to be of higher resolution as the current ones seem to be of lower quality and currently not legible.

Detailed Reviewer's Report

1. The abstract of the paper needs to be reworked justifying and stating the intent of the paper and what will the paper contribute in the domain overall.
2. The paper also needs to be reorganized in terms of reading and analyzing.

International Journal of Advanced Research

Publisher's Name: Jana Publication and Research LLP

REVIEWER'S REPORT

3. The conclusion and analysis part needs to be reworked within a concise limit to clearly state the understanding that was derived from the study
4. The methodology should also state the parameters for selecting the current case studies for analysis along with detailed justification and reasoning.
5. The images and graphs included needs to be of higher resolution and they should also have a caption that justifies their role and usage.
6. The parameters of generating the graphs also need to be elaborated along with their justification.
7. The paper needs to be also formatted as per the journal guidelines.
