Reviewer's Comment for Publication.

(To be published with the manuscript in the journal)

The reviewer is requested to provide a brief comment (3-4 lines) highlighting the significance, strengths, or key insights of the manuscript. This comment will be displayed in the journal publication alongside with the reviewers name.

Following observation needs to be incorporated:

- The abstract of the paper needs to be written properly and intending what the paper will contribute to. The keyword in the paper seems to be missing and needs to be included that are aligned with the research.
- There are minor grammatical errors observed in the manuscript
- The methodology of the paper needs to be elaborated a bit to justify the paper's intention. The figures included should have proper captions and sources mentioned.
- Minor revision needs to be included in the paper
- Referencing and formatting of the paper needs to be done as per the journal's guidelines.

REVIEWER'S REPORT

Detailed Reviewer's Report

- The author has included conceptual diagrams in form of flow charts that needs to be captioned and sourced properly citing their relevance.
- The key insights can be part of the conclusion instead of marking it as a separate section.
- Since most of the works focused on literature, the author can put up a matrix highlighting how the evolution of this research has happened and what were the other researchers maj
