REVIEWER'S REPORT

Manuscript No.: IJAR-56173

Title: River, Forest, and Village as Cultural Memory in Indian English Novels

Recommendation:

Accept as it is

Accept after minor revision.....

Accept after major revision

Do not accept (*Reasons below*)

Rating	Excel.	Good	Fair	Poor
Originality		Good		
Techn. Quality		Good		
Clarity		Good		
Significance	Excel.			

Reviewer Name: Dr Anuradha Ghodke

Detailed Reviewer's Report

- The title is relevant but could be made more specific by indicating the selected novels. The abstract would benefit from a clearer
- The paper does not clearly state the research objectives. Clearly defined objectives are essential to understand the direction and purpose of the study.
- The study does not describe the research methodology. The author should specify whether the study is qualitative, quantitative, or mixed-method and explain the research design.
- There is no explanation of how the data was collected.
- The paper lacks a proper data analysis section. The author should explain how the collected data was analyzed and which analytical tools or techniques were applied.
